Township developers plan festival in Ridgeland

RIDGELAND — Developers of the Township at Colony Park are planning a fall festival featuring a chili cook-off and hayrides at the development later this month.

The Kerioth Corp. has requested a special event permit for the festival at the Township, a 95-acre mixed-use community that incorporates retail, restaurants and office space with condos, townhouses and other residential units.

The event is scheduled from 10 a.m. to 3 p.m. Oct. 27.

According to the developer's permit petition, activities also will include a petting zoo, caricature artists, live music, free pumpkins and political speeches.
